

Join the EAIC at the Farnborough Air Show 2018 (July 16-20)

The Farnborough International Air Show (FIA) is one of the most important events for the global aerospace industry. The show features more than 1,500 exhibitors from 52 countries in an exhibition space spanning more than 75,000 ft² of exhibition space. With over 71 percent of exhibitors from outside the UK, the show remains global in nature. The FIA spans the entire aerospace industry, from space, civil and military, to manufacturing technology, rotary, and Maintenance, Repair and Operations (MRO).

The EAIC will lead a delegation of its members on its fifth lead generation trip in 2018 to the FIA, including meetings with key multipliers, two days of meetings with decision-makers of companies looking to invest in the United States at the show, as well as an additional day of company meetings at their local production site in the United Kingdom. Additionally, the EAIC offers to support its members who are attending the FIA through pre-arranged company meetings.

Participation in FDI Trip #5 to the United Kingdom & FIA <ul style="list-style-type: none"> – Program runs from July 16-20, including meetings with key multipliers, two days at the FIA, and external company meetings – Accommodation, transport and access to the FIA included 	\$8,000
Pre-Arranged Company Meetings	\$500

The participation fee for the FDI Trip will be charged after registration, while all individual company meetings will be charged after the show.
